★ – Final Document Submittals***	□ – Environmental Justice Analysis
★ – Guidance Documents Complete	□ – Performance Measure Analysis
★ – Draft Project Listing Submittals	□ – Other TIP Docs**
■ – PennDOT Connects Process	

Notes

* TIP Development meetings, along with numerous emails, typically involved staff members from SVATS MPO, PennDOT District 1, and PennDOT CPDM. Discussions covered a variety of subjects including reactions to the initial and IJJA-revised financial guidance, discussion of agency priorities, integration with the LRTP, meeting performance measures (PMs), Environmental Justice and equity considerations, and many other topics. This process is identified in greater detail in the *TIP Development/Project Selection Process* document attached to this timeline.

** "Other TIP Documents" include the Air Quality Conformity Analysis, various resolutions, documents dealing with financial capacity, and all of the other documents that comprise the TIP.

*** Unless revisions are needed, this represents the final step by the MPO. PennDOT CPDM reviews & adds to Statewide TIP (STIP), STC Approves TYP, FHWA/FTA review & approve, and STIP/TIP is implemented on 10/1.
